

All the Way Back to Adam

I. Jack and H. Perrin

we go back (all the way back)
we go back (all the way back}
we go back, all the way back to adam

amos, levi, ruth, and abraham
jesse, boaz, noah, and the son of man
we go back all the way back to adam
we go back all the way back to adam

stop and smell the roses climb on up the tree
we could sit and talk for hours that's all right with me
we go back all the way back to adam
we go back all the way back to adam

whole lotta branches on our family tree
him and her and you and him and her and me
we go back all the way back to adam
we go back all the way back to adam

drivin' in your car walkin' up the street
look at all the faces all those folks you meet
we go back all the way back to adam
we go back all the way back to adam

we go back (all the way back)
we go back (all the way back}
we go back, all the way back to adam
