

**COME ON AND BLESS ME**  
**I.Jack/H.Perrin**

Come on and bless me  
Come on and bless me  
Come on and bless me just as fast as you can.

My lion ain't lyin' down with my lamb  
Come on and bless me just as fast as you can  
Feel like I'm headed for a big mistake  
It's a bad feeling that I just can't shake  
Trouble just shakin' me to the core  
I'm a real live wire in the house of the lord.

Come on and bless me  
Come on and bless me  
Come on and bless me just as fast as you can.

All my stuff is hitting the fan  
Come on and bless me just as fast as you can  
My faith is hanging by threads  
I got the devil runnin' loose in my head  
Troubles come knockin' on my front door  
I'm a real live wire in the house of the lord

Come on and bless me  
Come on and bless me  
Come on and bless me just as fast as you can.  
Come on, Come on and bless me.
