

KINGDOM COME

I.jack

Bd Eb
Are you ready for the Kingdom come?
Rich man, politician, and the homeless gentlemen
Whether you're old or whether you're young
You riding right beside the Kingdom come

F Bd F Bd
It's all right It's ok
Ed F Bd
We got the keys to the highway.
Ed Bd F Bd
Whether you're old or whether you're young
Bd Ed Bd
You riding right beside the Kingdom come

Have you heard the merry gypsy play?
Watched the sunset on a summer's day?
Chosen love when a wrong's been done?
You've sewn some stitches on the Kingdom come

It's all right It's ok
It's out there waiting for you every day.
Whether you're old or whether you're young
You woven right into the Kingdom come

Eb Bd
You get quiet, you gonna find it
Ed Bd
You get quiet enough
Ed Bd
You get quiet, you gonna find it
F (stop)
Really aint that tuff...unless it is.

Are you ready for the Kingdom come
Unplug the sockets girl and feel the hum
Jack Kerouac put on his knapsack and stuck out his thumb
Rode it all the way to Big Sur looking for the Kingdom come

It's all right It's ok
We got the keys to the highway.
Whether you're old or whether you're young
You're in the presence of the Kingdom come
Whether you're old or whether you're young
You riding right beside the Kingdom come
